Brian is a self-directed technology professional with functional areas of expertise in web technology, mobile technology, enterprise information technology, reporting services, and project management. Brian focuses on building business relationships with internal/external clients and manages multiple teams by setting meaningful priorities in a deadline-driven environment. Brian consistently demonstrates high level of performance, leadership, work ethic, versatility, and problem solving skills to deliver solutions for a wide range of business and technical problems and achieve critical organizational objectives.

## **2017 - Present**

Avenir Education Inc.  
*VP Software Engineering*

Avenir Education Inc. was a software and services company created to improve the outcomes of special education students in public schools. During my tenure, I led the software engineering team to design, build, and launch DISTILLIO, an application to assist in the execution of Individual Education Programs and promote communication and collaboration.

## **2017 - Present**

True Respite Brewing Co.  
*Owner / IT Lead*

True Respite Brewing Company is a craft brewery located in Rockville, Maryland that opened for business in April of 2018. As the IT Lead and a shareholder, I have provided technical leadership and support throughout the entire creation process, from the initial business plan through current operations.

## **2013 - 2017**

Slalom  
*Solution Principal*

Slalom is a business and technology consulting firm headquartered in Seattle, Washington. Slalom helps companies solve business problems and build for the future, with solutions spanning business advisory, customer experience, technology, and analytics.

Over the course of four years, I worked with a number of clients located in Atlanta to deliver custom software solutions to the business and their customers. My work included greenfield applications, enterprise integrations, and leading development teams to deliver high quality software.

## **2009 - 2013**

Deloitte  
*Consultant*

Over the course of my four year tenure, I provided technology consulting services on behalf of Deloitte to various clients across the United States in the financial and healthcare industries.

## **Education**

Georgia Tech

Bachelors of Science in Computer Science

2008
